Lightning-Link, LLC
Irving, TX

Dec 2006 - Present

Founder
Jan 2013 - Present

Lightning-Link is a managed cloud services, web services consulting, and custom application development company.

Co-founder
Dec 2006 - Jan 2010

Dedicated hosting services focused on gaming, VoIP, and web hosting. Sold customerbase to competing business in 2010.

thera-LINK
Richardson, TX

Dec 2015 - Jun 2020

CTO, Late Technical Co-Founder
Apr 2017 - Jun 2020

thera-LINK is a HIPAA compliant telehealth (video conferencing) and practice management solution for mental health practitioners. I joined as a partner when it became clear that the old application was not going to keep up with the rapid growth of the company. Maintaining and adding significant features to the legacy application was becoming prohibitive, so we rebuilt it using modern architectures which are still used today. After a period of impressive growth, we were acquired by Therapy Brands in December 2018. I stayed on to assist in the integration of our technologies into the parent company, and left the day-to-day after they had established footing.

Developer
Dec 2015 - Apr 2017

thera-LINK was started by some friends of mine in 2013. I initially started helping as a favor to help maintain their application, which was developed by a fixed bid contractor that disappeared one night. Don't do fixed bid, kids.

HKS Architects

Jun 2008 - Apr 2017

Dallas, TX

Application Development Manager
Jun 2016 - Apr 2017

Managed a team of developers focused on creating applications and data warehousing to support the business. I became very passionate about Agile practices, implementing Scrum across the entire department, which effectively overhauled the flow of work between teams and resulted in a much more cohesive department.

DevOps Engineer
Dec 2015 - Jun 2016

I transitioned into a DevOps role in persuit of building a new, collaborative, and less siloed mindset on the development team. My focus was on implementing modern technolgies: cloud infrastructure, Git, CI/CD, and Agile project management tools.
